

## **Purdy® Painter's Storage Box Is the First of its Kind Designed with Professional Painters in Mind**

*Three-tiered interlocking box system keeps Pros organized and jobsite ready*

CLEVELAND—July 18, 2022—The Purdy® brand announced the launch of its [Purdy Painter's Storage Box](#), a three-tiered interlocking system designed to keep professional painters organized and productive, and able to quickly transport their tools from jobsites. The first of its kind storage system created for Pros by Pros, each box features dedicated space for housing painting tools, which includes a bin for wet brushes or roller covers up to 18 inches, hanger bars for organizing paintbrushes and even room for stowing two extension poles.

“Professional painters are stressing the importance of organization more than ever before,” said Sharad Gaurav, Purdy Product Manager. “And rightfully so, since home improvement projects have increased over the past few years, which means Pros need solutions that will save them time on every job. We listened. The Purdy Painter's Storage Box is the first of its kind storage system created with painters and their tools in mind.”

With specialized tools and products geared toward efficiency becoming more desirable among professional painters, Pros require organization solutions that allow them to complete more jobs quickly. The Purdy Painter's Storage Box has dedicated space for every tool, ensuring Pros are always organized and have what they need at their fingertips.

Each lid on the Purdy Painter's Storage Box stays open at a 90-degree angle for quick access to tools. The top lid also features the profiles of paint can bases in differing sizes, so Pros can securely place cans while in use on the job for added convenience.

Between jobsites, the storage boxes stack easily, lock securely in place and are effortless to move with two large, all-terrain 9-inch wheels that are replaceable and an integrated, telescopic handle. The Purdy Painter's Storage Box is rugged and IP 65 rated for water and dust resistance. It is also compact enough for use anywhere and can roll all your tools in and out of jobsites, minimizing the number of trips to a work vehicle.

The new Purdy Painter's Storage Box is available at Sherwin-Williams stores and online. Visit [www.purdy.com/en/storage-box](http://www.purdy.com/en/storage-box) to find a retailer near you.
